Re: Hiring Team Dynamicflow

E2, Eastern Housing, Pallabi 2nd Phase, Mirpur, Dhaka 1216

Subject: Application for Frontend Developer (Internship)

Dear Hiring Team,

I am writing to express my eager interest in the **Frontend Developer Internship** at Dynamicflow. As a highly motivated student currently pursuing a B.Sc. in Computer Science and Engineering from American International University-Bangladesh (Current CGPA **3.98**), I am seeking an opportunity to apply my strong foundation in web technologies and design principles to build interactive and high- quality digital solutions.

I am enthusiastic about the opportunity to work on live projects and benefit from mentorship, and I fully accept the requirement to work the **Night Shift (10:00 PM to 7:00 AM)**.

My academic background and technical skills align well with the requirements for this internship:

1. Core Frontend Development: I have a strong basic understanding of **HTML, CSS, and 2. JavaScript**, essential for developing responsive web interfaces (React preferred).

3. Modern Styling & UI/UX: experienced with both **Tailwind CSS** and **Bootstrap**, and have skills in **UI/UX Design**, demonstrating the required "good sense of UI/UX and attention to design details.

4. **Programming & Adaptability:** My coursework has provided proficiency in **Java, C++, and Python**, giving me a robust technical foundation. I am also familiar with **React Native** and eager to adapt my knowledge to React or other modern frameworks used by Dynamicflow.

Essential Skills: I bring strong **Teamwork and Cooperation, Critical Thinking, and Problem-Solving** skills, complemented by a proactive "can-do attitude."

I am committed to writing clean, organized, and reusable code, and utilizing my strong academic background to grow rapidly within Dynamicflow's professional environment. The prospect of gaining hands-on experience and the possibility of full-time employment is highly motivating.

Thank you for reviewing my application. I have attached my resume for your detailed review and look forward to the opportunity to discuss my qualifications further.

Sincerely,

Farhan Shadik Souad
